

# TURN-KEY CONTINUITY OF OPERATIONS

Plan. Prepare. Respond. Recover. Since 1989, thousands of entities have relied on Agility Recovery to provide Continuity of Operations services and plan development. Agility has responded to incidents ranging from regional disasters to simple power outages and communication failures.

- Small monthly fee and no disaster declaration or alert fees
- During actual recovery, costs are limited to actual out-of-pocket recovery costs
- 100 percent Success Rate for over 20 years
- \$35+ Million in Pre-Positioned Assets
- Pre-negotiated pricing of recovery assets
- Hundreds of documented real-world recoveries

a Co-Sponsored project between Agility Recovery and the

Agility's Continuity of Operations Solution includes access to the following:
